Hi Yukio and Chris,

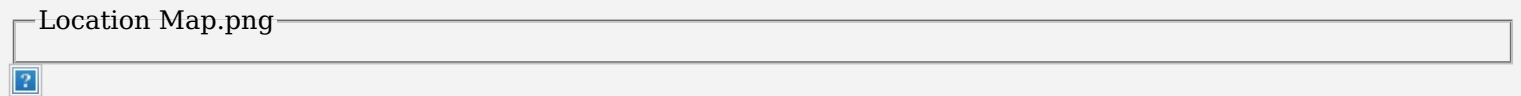

The City of Los Angeles would like to cordially invite you and the LTCC, and Little Tokyo BID to attend the groundbreaking event for the ATP Cycle 1 Little Tokyo Pedestrian Improvement project. The event is tomorrow, April 12, 2018, starting 8:30 AM at the intersection of San Pedro St and Azusa St in the Little Tokyo District. A map is attached with the event location.

We are excited to start construction on this project and hope the Little Tokyo community can join us to celebrate this important milestone.

Please don't hesitate to contact me with any questions.

Thank you,

-George
